Subject: Bharti Airtel Scholarship Program – An Opportunity for Aspiring Engineering Students in Tech-Based Programs

Dear Shri Sudhanshu Pant ji,

The Bharti Airtel Foundation was setup in 2000 as the philanthropic arm of Bharti Enterprises. It operates with the vision to help underprivileged children and youth of our country realize their potential. The Foundation works towards providing holistic quality education in schools with a special focus on empowerment of the girl child. Through the years, its work has impacted ~3 mn children, over 1.50 lakh teachers, 31,000+ schools – with overall 6 mn+ beneficiaries. A brief note detailing the educational initiatives of the Bharti Airtel Foundation is attached herewith.

In the realm of higher education, the Foundation has established critical centres of learning such as the **Bharti School of Telecommunication Technology & Management (IITD)**; the **Bharti Centre of Telecommunication (IITB)**; **Bharti Institute of Public Policy (ISB)** and **Plaksha University**.

It gives me great pleasure to share with you that we have recently launched the **Bharti Airtel Scholarship Program**, which will be made available to meritorious students from diverse socio-economic backgrounds who secure an admission in the **top 50 National Institutional Ranking Framework (NIRF) Engineering institutions** (undergraduate (UG)/Integrated Tech courses) including IITs. The prestigious scholarship has been designed to create opportunities for students whose annual family income does not exceed INR 8.5 lakh/annum. A special focus on girl students will be emphasized to support them in becoming future tech leaders. The recipients will be known as **Bharti Scholars**. A short note with further details on the Program is attached as Annex I for your perusal.

The scholarship will focus on **tech-based engineering courses such as Electronics & Communication, Telecom, Information Technology, Computer Sciences, Data Sciences, Aerospace and Emerging Technologies (AI, IoT, AR/VR, Machine Learning, Robotics) etc.** I am delighted to inform you that the students who have sought admission at **Birla Institute of Technology & Science Pilani; Indian Institute of Technology Jodhpur; Malaviya National Institute of Technology Jaipur** in Rajasthan will be eligible to apply for the scholarship.

Bharti Scholars will receive financial support to the tune of 100% annual fees throughout the duration of their course, and will also be given a laptop for learning assistance. In addition, hostel and mess fees shall be given to all selected scholars who apply for it. Once the Bharti Scholars graduate & are subsequently gainfully employed, they will **undertake to voluntarily extend financial support to at least 1 student** at a school or college level at any point of time, to the extent they can.

Rakesh Bharti Mittal

Co-Chairman

The selection process for the Bharti Airtel Scholarship will be centrally run through a tech-platform, known as Buddy4Study. More details can be accessed on the link herein: <https://bhartifoundation.org/bharti-airtel-scholarship/>

This Program has been envisaged to support the Government of Rajasthan in its endeavor to ensure that no deserving individual is left behind in realizing their dreams, being active beneficiaries of excellence in education and partaking our promising economic growth story for a Viksit Bharat.

Warm regards,
